Times Square Billboard PRICE SHEET!

AS LOW AS \$5/MINUTE!

Not all boards are the same. Our Times Square digital billboard offers maximum visibility from pedestrian & vehicular traffic because it is situated just above one of the crowded sidewalks in Manhattan. It is adjacent to a mid-street pedestrian crosswalk with a stop light, and benefits from one of Manhattan's busiest streets, 42nd Street. 42nd Street serves as the main corridor for traffic coming in through the Lincoln Tunnel and is within close proximity of the Port Authority Bus terminal, nine subway lines, countless buses and cars all converging right in front of our board. Red State Talk Radio Advertising!

Demand for the digital automobile entertainment console is skyrocketing with record sales from Apple "Carplay" to Google's "Android Auto". Red State Talk Radio is at the forefront of digital radio with our mobile apps, partnerships with platforms like Roku, and affiliate partnerships with radio stations across the country. "The era of the basic AM/FM/CD radio is essentially dead," says Harman Infotainment Division president Sachin Lawande. "It's not that radio is dead, mind you, but the basic dashboard receiver that's been a fixture in new cars for decades is on life support. By 2019, 191.6 million people will be listening to digital radio on a regular basis."
